SUMMARY

Full-Stack Developer with 3+ years of experience in designing and building scalable web applications using React and Nest.js. Skilled in modern full-stack technologies with a strong focus on performance optimization and user-centric design. Passionate about crafting intuitive UI/UX, mentoring aspiring developers, and delivering clean, maintainable code within agile environments. Proven ability to enhance product quality and accelerate development through best practices and collaborative teamwork.

EXPERIENCE

Software Engineer
Nuqayah.com   01/2025 07/2025

A platform serving Muslim users

- Developed and optimized platforms serving Muslim users in multiple languages, including Qurancore
- Improved frontend performance and enhanced accessibility
- Collaborated with a distributed team following Agile/Scrum methodologies

Front-End Developer
Expotech.online   01/2024 01/2025

A company focused on innovative tech solutions

- Contributed to building administrative dashboards such as https://admin.eduai.tech using Next.js and Tailwind
- Enhanced UI consistency by integrating reusable components
- Increased development efficiency by introducing best practices in code reviews

Freelance Developer
Remote   Remote
                                                                                            01/2023 01/2025

Freelance development work

- Delivered high-quality projects to international clients via Upwork and Mostaql
- Designed and implemented responsive web applications tailored to client needs
- Ensured timely delivery and client satisfaction through effective communication

Front-End Developer
IEEE Educational Platform   01/2023 12/2023

An educational platform for instructors and students

- Developed dashboards and interactive UI components for students and instructors
- Increased usability and engagement by applying modern UI/UX practices

EDUCATION   09/2021 05/2025

Bachelor's Degree in Computer Science
Obour High Institutes

STRENGTHS

Problem-Solving

Problem-solving and critical thinking skills with a strong emphasis on clean code principles

Team Collaboration

Adept at teamwork and collaboration within agile development environments

KEY ACHIEVEMENTS

Reusable React Component Library

Created and published a reusable React component library that streamlined UI development across multiple projects

Open-Source Contributor

Active contributor to open-source projects and coding contests

KEY ACHIEVEMENTS

Mentored Students

Volunteeredasawebinstructor, mentoring students in
frontend development

SKILLS

HTML, CSS, JavaScript, TypeScript, React, Next.js, Nest.js, MongoDB, Express.js, PostgreSQL, GraphQL, ES6, Tailwind, Jest, Agile, Bootstrap, Clean Code, ES6, Git, GitHub, Redux, Scrum, SCSS, SEO, GitHub Actions, Redux Toolkit, TanStack Query, Redux Toolkit, RTK Query, Responsive Web
